### WASH & BLOW DRY from \$35

After a thorough inspection your dog's coat is brushed and then double washed with natural shampoo. Just like at your own salon the first wash removes surface dirt and the second wash and massage penetrates deep into the coat to give a thorough clean. After a warm rinse your dog is towel dried to remove excess water and then thoroughly hand dried to ensure a smooth, shiny coat. A spritz with freshening spray and your dog is ready for home.
